

Cash Recycling ATM with Deposit Automation Capabilities

Recycling is here and it's now, take advantage of the cost savings features and improved customer satisfaction.

Features

- **Maximum Reliability** - Monimax 8000 is designed to provide 2nd to none reliability in the market with highest uptime and with minimum maintenance needs. You won't have to worry about replacing the parts or sudden breakdowns because the Monimax 8000 is designed to run for a very long time, problem-free.
- **Environment Stewardship** - With quality comes also responsibility. Monimax series are equipped with energy saving features like low energy LCD and long lasting ATM parts with minimum implications to the environment. Cash recycling feature also saves tons of service requirements and paper over time, giving you the power to build your image as an earth friendly company.
- **Flexibility** - Monimax series are designed with open architecture platform allowing for easy future upgrades and module modifications. Modular design is one of ways in which we are trying to save our customers' cost and provide maximum convenience.
- **Ultimate Functionality** - Monimax 8000 offers ultimate functionality featuring bill payment, funds transfer, mobile top-up in a highly user friendly interface for maximum convenience and very easy transition.
- **Maximum Protection** - Complying to standards in various regions worldwide, Nautilus Hyosung offers advanced security measures while highly secured integrity of the Monimax 8000 prevents any attempted security breaches from occurring. Monimax 8000 is also easily integrated with any monitoring solutions to provide seamless data transfer for effective management of the self-service channels.

Driving tomorrow's technology **Nautilus**
